## THE CHAIRMAN

Central Executive Committee

It gives me immense pleasure to share the progress of Hiralal Santudevi Pradhan Institute of Ophthalmic Science (Bharatpur Eye Hospital) through the annual progress. The hospital was established under Nepal Netra Jyoti Sangh and is delivering accessible and affordable eye care services later on it was upgraded as an institute which started to produce quality ophthalmic human resources for eye care in Nepal.

Guidance of Central NNJS, support from INGOs, contribution of local donors, support from local NNJS Executives and members and local community people of Bharatpur was crucial in developing and delivering quality eye care services.

I would like to express my sincere thanks and gratitude to all NNJS volunteers and the entire staffs of Bharatpur Eye Hospital for their effort to bring this hospital at present state.

Prof. Dr. Chet Raj Pant

**Message From****IMMEDIATE PAST CHAIRMAN, BEH****Executive Member, CNNJS**

The year 2019-20 has been a challenging year for all of us because of the COVID-19 pandemic. I am pleased to know that Bharatpur Eye Hospital is publishing its annual performance and activities in the form of annual report this year as well. I salute all the staff members of Bharatpur Eye Hospital who continued providing eye care service to the people in this difficult situation.

We have been able to upgrade Bharatpur Eye Hospital as a specialized referral center of this region and looking for developing this hospital as academic human resource training center.

It's a great achievement however; we still have to reach the unreached cataract blind people in our catchment areas.

I would also like to thank CNNJS for the guidance, support from local and international donors, community leaders, and local government through different means during this period of pandemic.

I also express my sincere thanks and gratitude to the entire staffs of Bharatpur Eye Hospital for their efforts to bring out this annual report.

A handwritten signature in black ink, reading "Chija Kumar Maskey".

**Chija Kumar Maskey**  
Executive Member, CNNJS  
Immediate Past Chairman

Bharatpur Eye Hospital

Message From

## **THE CHAIRMAN**

EXECUTIVE COMMITTEE, NNJS CHITWAN

It is indeed a pleasure to know that this year also Bharatpur eye hospital is bringing out the annual report. I would like to congratulate the entire Bharatpur Eye Hospital team for their effort. I would like to thank all the Bharatpur eye hospital family who worked hard and continued providing service to the people as frontlines in spite of the COVID-19 pandemic. This year has been challenging to all the sectors in the country and Bharatpur eye hospital is not an exception, still we have been able to provide service to 1,63,148 patients through Bharatpur Eye Hospital and its networks and provided sight restoring surgeries to 5,143 Patients which is the great achievement. This would not have been possible without the hardworking and devoted staff members of the hospital, guidance and support from CNNJS, donors, NNJS executive committee and community leaders in this difficult times.

Finally I would like to congratulate all Bharatpur Eye Hospital members and specially the editorial team for bringing out this report.

**Krishna Raj Dharel**

President

Nepal Netra Jyoti Sangh, Chitwan

Chairman, Bharatpur Eye Hospital

## **ACKNOWLEDGEMENT**

This issue is dedicated to our committed colleagues and staff members for their selfless efforts to keep our hospital alive and active during the pandemic. Eye care during pandemic is by itself a great challenge due to the risks involved.

Our Hospital is practicing all public and personal health measures to keep ourselves and our valuable clients safe. We remained attached with our clients even during lockdown period through telephone, messenger and viber chats.

Thanks to SEVA for encouraging and helping us during this difficult time. Let us all pray to almighty for end of this pandemic soon forever.

Thanks to all our well wishers for support and encouragement.

.....  
**Prof. Dr. Raghunandan Byanju**  
Chief Medical Director  
Bharatpur Eye Hospital

### Message From

## SEVA

This gives us immense pleasure to see the overall growth of Bharatpur Eye Hospital. The hospital has been engaging various in research activities at the community, teaching learning activities (Ophthalmic Assistant training program, Bachelor of Optometry training program, MD Ophthalmology Residency program and various subspecialty fellowship programs). Hospital is also engaging in various clinical and non-clinical short training programs: such as refraction training, operational research, quality improvement (Infection control).

Bharatpur Eye Hospital has been thinking of equity of services, it has been adding more number of primary Eye care centers in remote area (in its catchments area) and converting Primary eye care centers in to secondary Eye hospital, this is becoming instrumental for the access of eye care services.

Bharatpur Eye Hospital has been conducting outreach activities as part of hospital services: surgical eye camps, disease screening and treatment camps, diabetic retinopathy screening camps, organizing orientation training for the female community Health volunteers.

Seva has been engaging with NNJS Bharatpur Eye hospital since 2 decades, we look forward to collaborate with NNJS Bharatpur Eye Hospital many years to come.

**Ram Prasad Kandel**

Program Director Seva Foundation/Seva Canada Society

Kathmandu, Nepal

## BACKGROUND

Bharatpur Eye Hospital is located in Chitwan district of southern central Nepal, is a non-profit charitable organization, providing high quality comprehensive eye care services at affordable cost to local as well as patients from neighboring districts; eg. Gorkha, Lamjung, Nawalpur, Tanahu, Makawanpur, Parsa & Dhading comprising of about two million populations. In addition to Base Hospital, BEH has established several eye care centres in different locations to provide basic eye care facility to the community. BEH currently has following networks of eye care centres in under mentioned locations.

- Chija Kumar Bishnu Kumari OPD Building (City Clinic) Bharatpur Height.
- Bharatpur Eye Hospital (Eye Care Center) Thori, Parsa Nepal
- Eye Care Center, Kawosati, Nawalparasi
- Eye Care Center, Parsa-Khairani, Chitwan
- Eye Care Center, Madi, Chitwan
- Eye Care Center, Narshing Dham, Salyantar, Dhading
- Eye Care Center, Sauraha, Chitwan
- Eye Care Centre, Chanaulii, Chitwan
- Eye Care Centre, Tadi, Ratnanagar, Chitwan
- Eye Care Centre, Simranghad, Bara
- Eye Care Centre, Kurintar, Chitwan
- Eye Care Centre, Dudhauri, Sindhuli

The hospital, named after Late His Majesty King Mahendra Bir Bikram Shah Dev, is located in the delightful city of Bharatpur, the capital of Chitwan district, by the bank of Narayani River, a place of pilgrimage of the Hindus. The hospital is among the few pioneer established eye hospitals of Nepal. It has an area of 4 Bighas, three-fourths of which is occupied by the hospital building itself, and the remainder is cultivated as forest land.

Bharatpur Eye Hospital was established in 1987 under the aegis of Nepal Netra Jyoti Sangh (NNJS-National Society for Comprehensive Eye Care Service). The hospital building was constructed with financial and technical support from BCCI foundation Pakistan. Initially, it was established to provide eye care services in Chitwan district only but in the pursuit of growth and expansion with the support from various international organizations, relentless efforts and commitment put in, by its staff members and continued cooperation from local community, have made it possible for BEH to serve beyond Chitwan.

The hospital was constructed with the grant assistance from the Bank of Commerce and Credit International (BCCI), Pakistan and the contribution made by His Excellency Mr. Gulam Ishaq Khan, who was then the President of Pakistan. The hospital building was formally inaugurated by the Late His Majesty King Birendra Bir Bikram Shah Dev on March 31, 1988 in the presence of Late Her Majesty Queen Aishwarya and the President of Pakistan.

There is only one eye hospital known as King Mahendra Memorial Eye Hospital (KMMEH), recently renamed as Bharatpur Eye Hospital, in Bharatpur apart from recently developed eye department of the teaching hospital. (Medical Colleges, there are two Private medical colleges, which are having small eye department just to fulfill the requirement of the medical college). The adjunct districts of Chitwan are Dhading, Gorkha, Makawanpur, Lamjung, Tanahu, Parsa and Nawalparasi. All these districts are the catchments areas of Bharatpur Eye Hospital Chitwan. Total population of these catchments area is about 1.5 millions.

## PROFILE OF HOSPITAL

## HOSPITAL SERVICES (अस्पतालमा उपलब्ध सेवाहरू)

- General Out Patient (OP) Service (बहिरङ्ग सेवा)
- In-Patient Service (अन्तरङ्ग सेवा)
- Emergency Service (आकस्मिक सेवा)
- Paying Service (Fast Track) (द्रुत सेवा)
- Social Health Insurance Service (स्वास्थ्य बिमा कार्यक्रम)  
Nepal Government (नेपाल सरकार)
- Laboratory Service (प्रयोगशाला सेवा)
- Pharmacy Service (औषधी पसल)
- Optical Service (चस्मा पसल)
- Private Room (A/C) Cabin Services (प्राईभेट एसि. क्याबिन सेवा)
- Eye Health Education & Counseling (आँखा स्वास्थ्य शिक्षा तथा परामर्श सेवा)
- **Specialty Services (विशेषज्ञ सेवाहरू)**
  - Retina Clinic (दृष्टि पर्दा सेवा)
  - Cornea Clinic (कर्निया सेवा)
  - Oculoplasty Clinic (आँखाको प्लास्टिक सर्जरी सेवा)
  - Pediatric Clinic (बाल आँखा रोग सेवा)
  - Glaucoma (जलबिन्दु सेवा)
  - Contact Lens Service (कन्ट्याक्ट लेन्स सेवा)
  - Low Vision Service (न्युन दृष्टी सेवा)
  - Orthoptics Service (अर्थोअप्टीक्स सेवा)

## COMMUNITY EYE SERVICES (OUTREACH) (सामुदायिक आँखा सेवाहरू)

- Diagnostic Screening & Treatment (DST)
- Surgical Eye Camp (शल्यक्रिया शिविर)
- School Eye Health Program (विद्यालय आँखा स्वास्थ्य कार्यक्रम)
- Refraction/Low Vision Camp (चस्मा जाँच तथा न्युन दृष्टी शिविर)
- Diabetic Retinopathy (DR) Screening Camp (मधुमेह भएको बिरामीहरूको आँखा जाँच शिविर)
- Eye Health Awareness Camp (आँखा स्वास्थ्य जनचेतना शिविर)

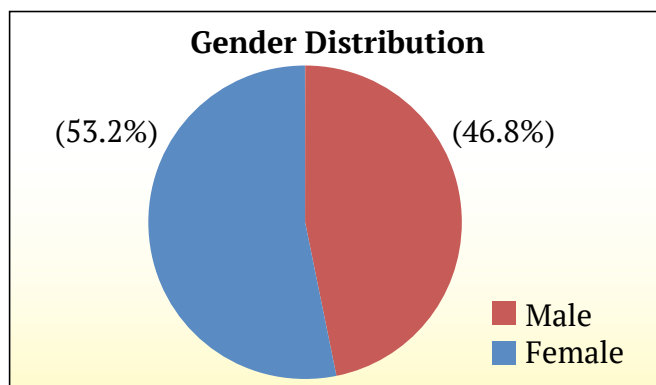

**Hospital Performance 2019.20**

|                      |                     |                   |
|----------------------|---------------------|-------------------|
| Total patient served | 1,63,148            |                   |
|                      | Base Hospital       | 1,03,760 (63.59%) |
|                      | Eye Care Centers    | 32,456 (19.89%)   |
|                      | Outreach activities | 29,932 (16.50%)   |

A total of one Lakh sixty three thousand and one hundred forty eight patients were served through Bharatpur Eye Hospital and all its networks including various outreach activities in the year 2019.20. This is decreased by 18.25% compared to the previous year 2018.19.

Females were more than males for seeking eye care with 53.2% of females and 46.8% of males.

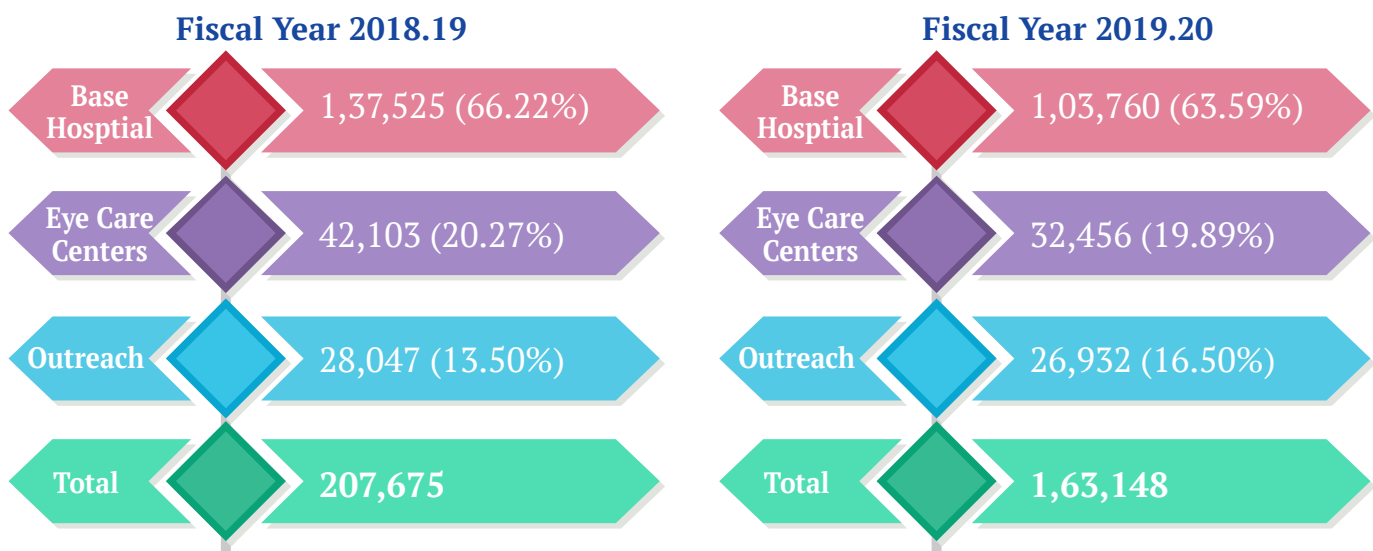

Bharatpur Eye Hospital and its networks provided service to a total of 1,63,148 patients in the year 2019.20. 1,03,760 (63.59%) took their service from the base hospital and CBH, 32,456 (19.89%) were served in eye care centers and 26,932 (16.50%) took their service from the different outreach programs. There is decrease in the number of patient by 24.55% because of the COVID-19 pandemic.

# SPECIALTY SERVICES, OPHTHALMOLOGY

## PEDIATRIC SERVICE

The pediatric ophthalmology service has been running smoothly as a separate department, well equipped with all the necessary instruments and treatment facilities. Ophthalmologists, Optometrists and Orthoptists work together to provide quality service to the patients. In FY 2019.20 a total of 10,632 children were provided out patient services. Majority of children were diagnosed with conjunctivitis and refractive errors. Due to COVID number of pediatric patients have decreased.

## PEDIATRIC EYE DISEASE PATTERN

| Disease Category   | 2018.19 | 2019.20 |
|--------------------|---------|---------|
| Pediatric cataract | 50      | 64      |
| Aphakia            | 5       | 6       |
| Conjunctivitis     | 3451    | 2095    |
| Cornea             | 655     | 305     |
| Glaucoma           | 18      | 38      |
| Refractive errors  | 2437    | 1299    |
| Strabismus         | 201     | 94      |
| Trauma / injury    | 166     | 65      |
| Lid and Adnexa     | 1020    | 33      |

**CORNEA SERVICE**

In FY 2019.20 a total of 2,781 patients visited the cornea clinic. Keratitis was the major corneal problem followed by kerato-conjunctivitis and corneal ulcer. Corneal transplant service started since 2017 and 16 patients underwent corneal transplant in 2019.20 including both therapeutic and optical purpose. Since the establishment of the cornea collection center ten corneas have been collected so far.

**CORNEAL DISEASE PATTERN**

| Corneal diseases      | 2018.19 | 2019.20 |
|-----------------------|---------|---------|
| Corneal Ulcer         | 606     | 332     |
| Corneal Opacity       | 206     | 263     |
| Keratitis             | 1147    | 978     |
| Kerato-Conjunctivitis | 743     | 354     |
| Others                | 766     | 854     |

**VITREO-RETINA SERVICE**

It is well established service headed by senior consultant Vitreo-Retinal Surgeon. Almost all necessary equipment's like OCT, USG, Fundus Photography, FFA & Green Laser are available for diagnosis and treatment of retinal problems. It has also been established as a training center where currently one ophthalmologist is doing his fellowship in retina. In 2019.20 retina departments provided service to a total 3,856 patients of which 108 underwent various retinal surgeries, 25 patients were given intravitreal injections, 301 patient underwent LASER treatment and 271 Avastin injection administered. Of the total patients 1610 were diagnosed and treated for diabetic retinopathy. Patients not only from Chitwan and neighboring districts but also from neighboring county like India are provided retinal service in the hospital.

## VITERO RETINA DISEASE PATTERN

| Year    | Retina OPD   | Retinal Surgery | Laser treatment | Avastin Injection | DR   | DR Camp | Patient at DR Camp | Referred Patients to BEH |
|---------|--------------|-----------------|-----------------|-------------------|------|---------|--------------------|--------------------------|
| 2013-14 | 1170 (0.88%) | 230             | 429             | 44                | 605  | -       | -                  | -                        |
| 2014-15 | 1655 (1.19%) | 319             | 588             | 183               | 1098 | -       | -                  | -                        |

## LOW VISION & CONTACT LENS SERVICE

This hospital has provided low vision services since last two years. All kinds of devices available in this hospital. Optical devices, non-optical and electronic devices which are much more significant for low-vision and blind patients. Altogether 29 patients (Male: 16, Female: 13) with low vision were assessed. Special low vision devices were offered to 2 patients. With the increase in the number of retina patients the need of low vision care is increasing and near future we will have a well-equipped low vision clinic with optometrists trained in low vision. In year 2019.20 60 pcs of contact lens were prescribed.

## TELE-OPHTHALMOLOGY SERVICE

Bharatpur Eye Hospital started telemedicine service with aim to provide door to door appropriate eye care treatment services to the patients. Through this facilities base hospital are connected to ECCs and ophthalmic Assistants at ECC can communicate with ophthalmologist at base hospital to confirm diagnosis so as to provide appropriate treatment to patients. We are strengthening the service, so that the community needy people can have easy access to the eye care service from Eye Care Center through base hospital. We have now started tele-ophthalmology service from all eye care centers.

**LAB SERVICE**

Bharatpur Eye Hospital has a well-equipped and facilitated laboratory services for patient undergoing ocular surgeries since 2012. Almost majority of all required laboratory

investigations including culture and sensitivity are performed in the lab. A total of 5492 patients underwent different lab investigations in 2019.2020.

## RESEARCH

### VIEW (VILLAGE INTEGRATED EYE WORKERS TRIAL)

A program conducted under joint collaboration of Bharatpur Eye Hospital, NNJS, SEVA Nepal, F.I.Proctor Foundation, UCSF and SightLife, USA. Initially in the year Feb,2014 F.I.Proctor Foundation started a community randomized trial for detecting and treating corneal abrasion from trained Female Community Health Volunteer. This trial was completed in the year 2017.

In August 2017, SightLife took over the VIEW-I activities currently known as blindness prevention program, a community randomized trial conduct by F.I. Proctor Foundation, USA from 2014-2017. Where 117 trained Female Community Health Volunteers (FCHVs) from nine and three VDCs of Nawalparasi and Chitwan districts respectively involved in detecting and treating corneal abrasions in their respective communities. SightLife founded in 1969 is the only non-profit global health organization solely focused on eliminating corneal blindness around the world through prevention programs, eye banking and corneal transplants.

VIEW-II-Pilot Study is the second phase of VIEW study lunched in June 2018 by Francis I. Proctor Foundation, UCSF in collaboration with Seva Foundation and Bharatpur Eye Hospital. This is a cluster randomized trial aims to determine whether a community based screening program is more effective than cataract camp approach, in detecting more cases of glaucoma, DR and AMD and also to determine whether a community health volunteer program increases the rate of cataract surgery compared to a no program

where trained Female Community Health Volunteer go door to door and examine vision status of above 50 years people with the help of tumbling “E” chart and refer them on the basis of visual acuity criteria to nearby eye care centers. This pilot study also conducted screening camp in different communities of east Chitwan. Screening includes fundus photography, Auto-refraction, IOP measurement of 50+ years people and setting referral mechanism to those suspected with glaucoma, DR and AMD and linking them to hospital care or eye care centers. After the successful pilot study another study (VIEW-II) has been officially started from February 2019. This is also a cluster randomized trial aims to identify whether an intensive screening with OCT (Optical Coherence Tomography) and linkageto hospital care can reduce the number of blindness due to glaucoma, DR and AMD compared to no intervention area. This study includes intensive community screening of 60+ years people with OCT (Optical Coherence Tomography) and measurement of IOP and referring suspected clients to Bharatpur Eye Hospital for further care. These people will be followed for next 5 years. Baseline census is being conducted at the starting of the study and final census will be conducted after next 4 years to compare the vision status of that community. Study Team includes 1 Study Co-ordinator, 1 Assistant Study Co-ordinator, 1 Referral Manager (Ophthalmic Assistant), 10 Screening Members (Ophthalmic Assistant), 6 Field Supervisors, 25 Census Workers and 2 Drivers.

Since August 2017, SightLife is taking over the VIEW I activities where we have 117 trained Female Community Health Volunteers (FCHVs) from nine and three VDCs of Nawalparasi and Chitwan districts respectively involved in detecting and treating corneal abrasions in their communities. SightLife founded in 1969 is the only non-profit global health organization solely focused on eliminating corneal blindness around the world through prevention programs, eye banking and corneal transplants. VIEW-II-Pilot Study is the second phase of VIEW study lunched in June 2018 by Francis I. Proctor Foundation UCSF in collaboration with Seva Foundation and Bharatpur Eye Hospital. This study aims to determine whether

a community –based screening program is more effective than cataract camp approach, in detecting more cases of glaucoma, DR and AMD and also to determine whether a community health volunteer program increases the rate of cataract surgery compared to a no program. This pilot study is still undergoing. VIEWII the real study was launched in April 2019. This is cluster randomized trial, randomization units include toles/wards of municipality/rural municipality in Chitwan and Nawalpur districts. The main objective of the study is to determine whether a community –based intervention screening program for ocular disease involving OCT, intraocular pressure testing and enhanced linkage to care improves ocular outcomes.

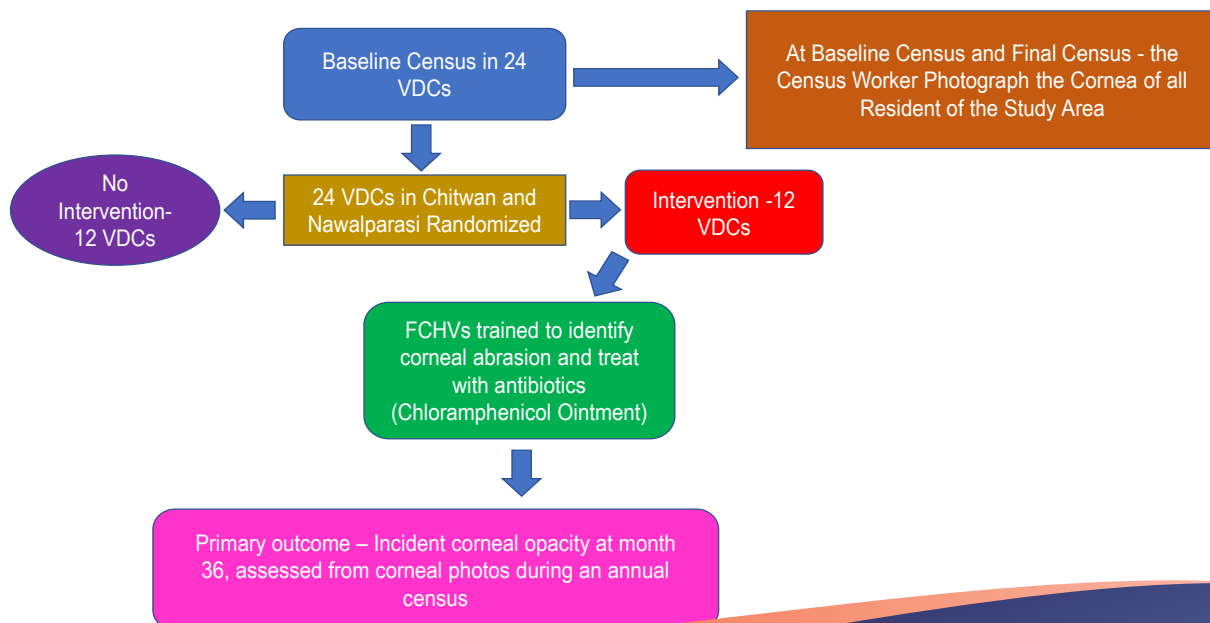

## Corneal Ulcer Prevention Program

### (VIEW: Study Aims)

- ◆ To determine whether diagnosis and prophylaxis of corneal abrasion by **Female Community Health Volunteers (FCHVs)** will reduce the incidence of corneal ulceration in rural Nepal.
- ◆ To assess the cost effectiveness of the corneal ulcer prevention program.
- ◆ To estimate the true incidence of corneal ulceration

## Methods

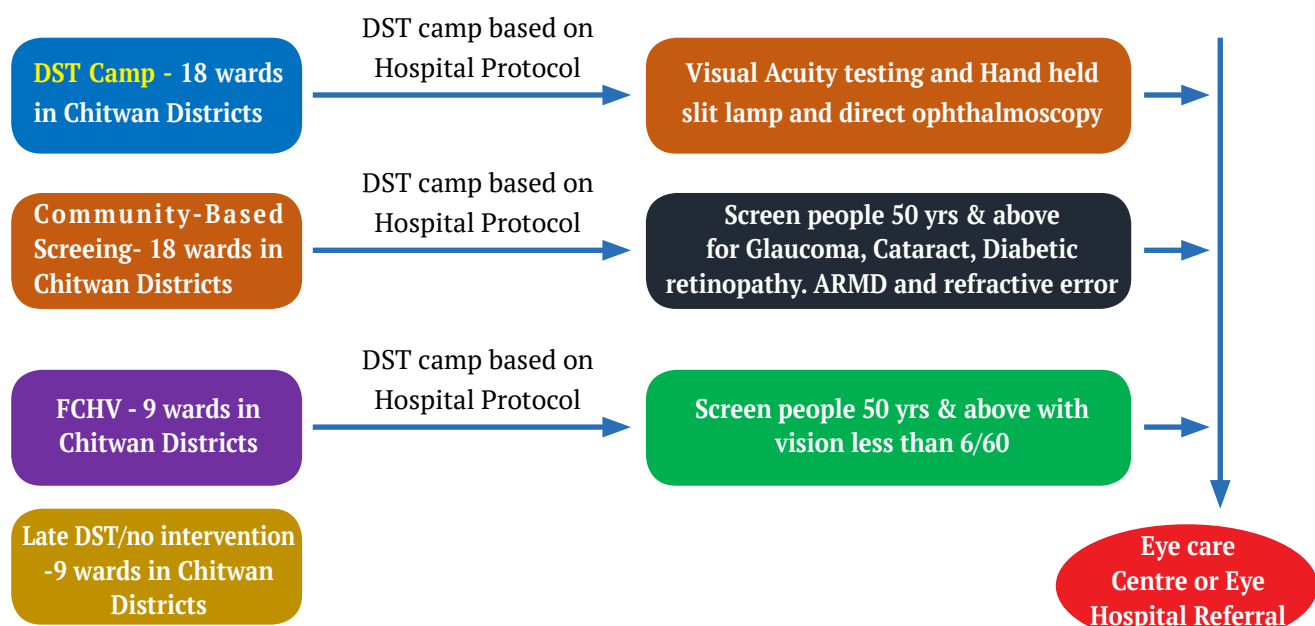

## Result

- ◆ FCHV have treated more than 3000 cases of corneal abrasion.
- ◆ 96% of the cases detected and treated by FCHVs have been healed.
- ◆ The final study finding is yet to be released.
- ◆ Work is being continued as corneal ulcer prevention program.

### VIEW - II Pilot (VIEW: Study Aims)

- ◆ To determine whether a **Community- Based Screening Program** is more effective than **Cataract Camp Approach (DST)**.
- ◆ To determine whether a **Community Health Volunteer Program (FCHV)** increases the rate of **Cataract Surgery Compared to No Program**.

## HOSPITAL CONTRIBUTION (2019.20)

Bharatpur Eye Hospital encourages patients to pay for services as much as possible. However, keeping in mind the socio-economic realities, BEH does offer subsidized or completely free services to poor and deserving populations. As a

policy, BEH does not deny eye care to any person based on any demographic, regional, social or economic denomination. NRs 46,47,400 has been contributed by the hospital in the year 2019.20 in different heading subsidy.

| 17-Dec-20  | Dr. Peeyush Dahal           | Dean, National Academy of Medical Sciences (NAMS) (Bir Hospital)   |

## FUTURE PLAN

- To set-up Nepal Institute of Community Ophthalmology (NICO)
- Establish eye bank & explore fund sources from external development partner for sustainability of eye health institute (Soon starts with Eye Bank)
- To Introduce Corneal Refractive Surgery
- Strengthen of Tele-ophthalmology & Out-reach activities
- Electronic Medical Record System (Paper Less Hospital)
- Improve the quality of service through in-house training & international exposure for hospital staff for skill development.
- Establish research, monitoring & publication unit
- **FINALLY TO EVOLVE AS ULTIMATE DESTINATION FOR EYE CARE.**

## EXTRA ACTIVITIES CARRIED

- Advance Refraction training to eye care professionals.
- Refresher training to field workers.
- Journalist training on eye care awareness.
- Awareness rally in NNJS day celebration.
- World sight day celebration
- World diabetic day celebration.
- Eye check up program to government officers of Chitwan district.
- Plantation program together with the Lions club in the hospital premises.
- Eye Banking Orientation/ awareness program for priest of Bharatpur.

## SUMMARY

Despite the challenge faced due to the corona virus pandemic, Bharatpur eye hospital, its eye care centers and the outreach programs provided service to a total of 1,63,148 patients which is just 24.5% less than the previous year. There are more females (53.2%) than males (46.8%) seeking for eye care. Sixty four percentage of the patients got service from the base hospital alone. This year a total of 5, 143 ocular surgeries were performed of which 3829 (74.5%) the sight are restoring cataract surgeries.

Bharatpur Eye Hospital has been providing all level of patient care through specialty services by strictly following the safety precautions for the corona virus. Conjunctivitis was the major problem among children followed by refractive errors and sight was restored in 64 children through cataract surgeries. We were able to perform corneal transplant in 16 patients. In 2019.20 retina departments provided service to a total 3,856 patients of which 108 underwent

various retinal surgeries. The patient seeking glaucoma care have been increasing very rapidly since the establishment of glaucoma as separate department, 1014 glaucoma patient were treated in this year.

Total of 51,307 patients received basic primary eye care service through our eye care centers distributed in different geographies. 1,904 patients were referred from the centers and majority were referred for cataract surgeries.

Outreach programs is one of the major component of hospital where we reach the unreached people and provide services through wide range of community based activities. This year a total of 26,932 patients were seen through various outreach activities that includes DST camp, surgical camps, monthly clinics at health posts, DR camps and refraction camps. 1,568 of sight restoring cataract surgeries were done through a camp which is 41% of total cataract surgeries done in 2019.20.

**SUCCESSFUL HUMAN STORY**

Before **Surgery** 

After **Surgery** 

At the time of **Discharge**

Shree Devi Khushawa, 65 years old female permanent residence of Simraungadh-7 in Bara district of Nepal attended the free surgical eye camp organized by Bharatpur Eye Hospital on 27 January 2021.

She was a farmer with very poor economic status. She lived in a village with her grandsons and daughter in law. Her life turned to be more miserable and difficult since her only son who was the bread winner of the whole family died in an accident year's back.

She had noticed decrease in her eyesight since many years which gradually deteriorated, she had no one to take care of her and take her for eye treatments so she was forced to struggle with very poor vision since many years. She shares her story that her daughter in law took her to the nearby eye hospital for the eye checkup when her vision was so much deteriorated that she was almost blind but she had to return back home without being treated because she could not afford to pay for the surgery.

One day a women form her neighboring house who knew about the free surgical eye camp being conducted by Nepal Netra Jyoti Bharatpur Eye Hospital Supported by DAK Foundation in Simraungadh Eye Care Centre, suggested her to go in that camp for her eye surgery. Her one of the grandson brought her to the camp site on the day of 27th January 2021. On examination it was found that she could only perceive light in both eyes and diagnosed with matured cataract in both eyes.

Her right eye was successfully operated and the next day when patch was opened, a glow of smile emerged from the poor old face as she could she again. She could not express her happiness in words. Her vision in right eye was 6/9. She was happy that now she can go to work again to feed the little grandsons and manage the family. The free surgical eye camp gave a new life to her and she was thankful for the bottom of the heart for all those who were involved for her treatment.

**Annex V**

**Human Story at Simrongard Surgical Eye Camp**

Name: Bechan Mukhiya

Age and gender: 65/Male

Address: Simrongard  
municipality ward number 1

Visual acuity: Perception of light  
and projection of light both eyes.

Distance: about one hour  
walking distance from home  
to the Primary eye care center  
where eye camp is conducted.

Education: illiterate, wife also  
illiterate

Family occupation: Agriculture,  
enough to manage family from  
the product of own land.

Family: wife, one son and 3  
daughters, all the children are  
married and all are in their own  
family. Bechan and his wife are staying with his  
son.

Duration of blindness: completely blind since  
2 years, demising of vision since 3-4 years  
gradually.

Reasons for not coming hospital earlier: up to  
two years back he was managing work somehow,  
and not feels important to go. When the vision  
is gone down completely, then started thinking  
where to go, how much is the cost of treatment  
and looking for the person who can help to go to  
the hospital, by that time COVID19 started and  
staying at home.

How he is reach the eye camp: Municipality  
Simrongard has done publicity house to house  
through school students/Female community  
Health volunteers and received the information  
from female community health volunteers. Then

his son has brought him to the eye camp for  
surgery.

Person who is taking care at home: His wife is  
taking care, as Bechan, he is getting best care  
from his wife. His wife is supporting day to day  
or routines such as: Bathroom, changing dress,  
food, toilets etc.

Right eye performed surgery, after surgery he has  
got 6/12 vision the next day of surgery. The eye  
camp team asked what is exciting to see, Buchan  
is excited to see his 4 years granddaughter. He  
shared that grand daughter is the one who is  
talking, playing and helping to go to the out  
from the room and taking back to the room.

He also shared that, he had no hope to see her  
face again, thanks to the eye camp team for  
sight restoring and now excited to see the grand  
daughter.

## विसर्जन नसक्ने आँखादान / महादान / पहिलो दान

२०७४ साल कार्तिक ३ गने तिहारको म्हपूजाको दिन नेवा जातीहरूको भाईटिकाको अधिल्लो दिन सबै परिवारहरू सँगै बसी पुजा गर्ने दिन करिब १.४५ बजे फोनको घण्टी बज्छ टिन..... टिन.....

आज मेरो बुवाको सि.एम.सि. अस्पतालमा (स्वर्गीय कलाधर गौतम) करिब १२.५३ दिनको बजे स्वर्गारोहण हुनुभयो। मेरो बुवाले केही दिन अगाडी भैरहवामा मरणोपान्त आँखा दान गर्नु भएको रहेछ भैरहवामा फोन गरेको नजिकको अस्पताल भरतपुर आँखा अस्पतालको फोन नं. दिए र म आँखा अस्पतालमा आएर हजुरलाई फोन गरेको। बुवाको १२.५३ बजेतिर निधन भयो त्यसैले बुवाको ईच्छानुसार आँखा दान गरेको हुँदा आँखा निकाल्नका लागि अनुरोध गरेको भनेर छोराले भन्नु भयो। अनि हामी पहिले बुवालाई लिएर गैडाकोट घरमा जाँदै गर्छु हजुरहरू त्यही घरमा आउनु भनी हामीलाई भनेर फोन राखिदिनुभयो। अनि मैले सबभन्दा पहिला यस अस्पतालका कर्मचारी काशिराम बास्तोलालाई फोन गरे चाँडबाँडको बेला सबै जान व्यस्त होला भनेर त्यसपछि चिफ मेडिकल डाईरेक्टर प्रा.डा. रघुनन्दन व्याञ्जु सरलाई पनि फोन गरे राम्रो काम हो स्वर्गारोहण भएको कति घण्टा भयो? मैले भने दुई घण्टा अनि गाडी लिएर जान भन्नुभयो।

भरतपुर आँखा अस्पतालमा आँखा नानी संकलन केन्द्र खोलेपछिको यो आँखादान पहिलो आँखादान थियो। त्यसैले म पनि ज्यादै उत्साहित थिएँ काम गर्न। त्यसपछि म अस्पतालमा जानको लागि तयारी गरे। चाँडबाँडको बेला घरको मूलीमान्छे त्यसमा पनि तिहारको म्हपूजाको दिन भाईले हतार हतार कहा जान लाग्नु भएको दिदी मैले भने आँखा अस्पताल विदाको दिनमा पनि होइन बाबु आज एक जना ८८ वर्षको बुबाले मरणोपान्त आँखा दान गर्नु भएको रहेछ हाम्रो अस्पतालको यो पहिलो आँखादान महादान हो त्यसैले बाबु तिमिहरू पुजाको तयारी गर्दै गर म छिट्टै आउछु भनेर घरवाट निस्के।

म अस्पताल आईपुगेपछि काशिराम बास्तोलापनि केहिछिन पछि आईपुनु भयो र ओ.टि.मा सामान तयार गरी हामी मोटरसाईकलमा गैडाकोट वहाँको निवासमा पुग्यौं। हामी त्यहाँ पुग्दा वरपरका छिमेकी, आफन्तहरू र परिवारजनहरूको निकै भिडभाड थियो। हामीहरू पुगेपछि अस्पतालको परिचय र आफ्नो परिचयका साथ आँखा दान वारे केहि कुराहरू राख्यौं। बुबाले गरेको मरणोपान्त पछिको आँखादानलाई सबैले सम्मान गरे। आफु मरेर पनि दृष्टि विहिन २ जनाले आँखा देख्ने कस्तो राम्रो पुण्यको काम गर्नुभएको छ भनेर सबैले भावपूर्ण समवेदना प्रकट गरे। करिब आधा घण्टामा हामीहरूले बुवाको दुबै आँखाको नानी निकालेर अस्पतालमा आयौं र उक्त नानीलाई कर्निया विशेषज्ञ डा. पुष्पा गिरी संग राय लिई भोलि १० बजे तिलगंगा आँखा प्रतिष्ठानमा पठाउने सल्लाह भयो।

८८ वर्षको स्वर्गीय कलाधर बुबाले मरणोपान्त आँखा दान गरेर दृष्टि विहिन २ जनालाई आँखा देखाएर मरणोपान्त पनि अमर हुनु भएको छ।

**छाया श्रेष्ठ**

सहायक व्यवस्थापक

काम सकेर घरमा आउँदा तिहारको भिलिमिलि बत्ती बाल्ने बेला भएको रहेछ। अनि भाईले वल्ल घर आउनु भयो? म्हाँ पुजा गर्ने बेला भैसक्यो? अनि मैले भने बाबु आज यस्तो राम्रो काम भयो जीवनमा मैले काम गरेको अनुभवमा ८८ वर्षको बुबाले मरणोपान्त आँखा दान गरेर दृष्टि विहिन २ जनालाई आँखा देखाउने पुण्य काम गरेर आएको बाबु। म्हाँ पुजा त अर्को सालमा पनि त हुन्छ नि। २ जना दृष्टिविहिन आँखा देख्न पाउने भएको हुँदा चाडवाड पनि विसर्को छु बाबु। किनकि दृष्टिविहिनहरू सँगै काम गरेको धेरै वर्ष भएकोले उनीहरूको पिडा बुझेकोले बाबु। अनि भाईले भन्यो कि दिदी धेरै राम्रो पुण्यको काम गरेर आउनु भएको रहेछ मैले बुझिनछु मेरो प्यारी दिदी आँखाकी नानी दिदीलाई धेरै धेरै धन्यवाद र माया। यसवेला मैले काम गरेर आएको सबै विसर्को थिएँ किनकी आमा बुवा नहुनुको पिडा.....

नेपाल नेत्रज्योति संघ, हिरालाल सन्तुदेवी प्रधान नेत्र विज्ञान अध्ययन संस्थान भरतपुर आँखा अस्पतालमा स्थापित भिमराज उषामाया पाठक आँखा बैक नानी संकलन केन्द्र भरतपुर आँखा अस्पतालमा मरणोपान्त आँखा दान गर्ने पहिलो व्यक्ति गैडाकोट निवासी वर्ष ८८ का स्वर्गीय कलाधर गौतम वाट आँखा दान गरि अध्यारोवाट उज्यालोतिर जाऔं भन्ने नारा सार्थक बनाउनमा महत्वपूर्ण योगदान पुऱ्याउनुहुने वहाँको परिवारहरू प्रति हार्दिक आभारी छौ त्यसैले हामीपनि समयमै मरणोपान्त आँखा दान गरी दृष्टिविहिनहरूको जीवनमा उज्यालो ल्याई भविष्य सुनिश्चित गरौं। यस नेपाल नेत्रज्योति संघ हिरालाल सन्तुदेवी प्रधान नेत्र विज्ञान अध्ययन संस्थान भरतपुर आँखा अस्पतालमा मिति: २०७४ कार्तिक २५ गते भिमराज उषामाया पाठक आँखा बैक नानी संकलन केन्द्र भरतपुर आँखा अस्पतालमा खुलेपछि हालसम्म ८ जनाले मरणोपान्त आँखा दान गरी जीवन दान पाएका छन् भने .८८..जनाले आँखा प्रत्यारोपणवाट आँखामा फुलो परेका दृष्टिविहिनहरूले आफ्नो खुट्टामा उभिन सक्ने भएका छन् त्यसैले,

**आँखा दान गरौं, मृत्युञ्जयी बनौं।**

# जग्गा बेचेरै करोडौं दान

**विषयक काल्पने**  
भारतपुर, १२ फेब्रु

उमेर ७४ वर्ष पुण्यो । भारतपुर-१२ का भीमराज पाठकको अठ्ठाना सम्पत्ता छ । ७५२ सालमा कलविन्दु पतिबान भारपिठ कलसम्म औषधि सिद्धि आएका छन् । चम्पा लगाउनु । धर्मिलो देह्न धालेपिठ उपचार गराएका थिए । तर, भीमराज पाठक सामाजिक कार्यमा सक्रिय छन् । अचल बुजी नै सामाजिक काममा लगाउन धालेका छन् । "औषा गुमेकाले उन्चाले पाउनु भनेर औषा बेक्या तन लेकेको छु" उनी भन्छन्, "सवैले औषा पाउनेछन्, देह्न पाउनेछन्, त्यही सपनामा गराएको छु ।" नेपाल नेत्रज्योति सघट्टा सम्बालित

भन्छन्, "बुढेसकाल पनि लागिमक्यो, एक घन्टे सामाजिक कामो घुम्किन पाए हुन्थ्यो जसो लाग्छ ।" भारतपुर औषा अस्पतालमा भीमराज-उज्याना पाठक औषा बेक स्थापना भएको छ ।

सानोबुवाको हेरचाह गर्दै आएका विमल कालावेती बुवाको सल्लोले भैलाई आत्मसत बढाएको बताउनु । "औषाको नानी गुमेकाले नानी पाउनेछन्," उनी भन्छन्, "आर्थिक कुरामले नै औषारोमा जसो अवस्था हुन्छ ।" भीमराजले पूर्वाजितन खुम्चुकेको जग्गा बेचेर सल्लो गेका हुन् । "औषा बेक बनाउने चर्चा सुनेविकिके सल्लो गल्लु भनेको थिई, तर पैसा थिएन," भीमराज भन्छन्, "अब कोलेको सवे सल्लो गल्लु ।" उनी क्षयरोग निवारण

"खेर नाने औषाले कसैले उन्चालो पाउन सक्छन्, कुछाडि आहुरिकेका छै ।" उनका अनुसर हालसम्म मुन्चु भएका ४ जनाको औषाको नानी थिईकिएको छ । गेडाकोटका ८८ वर्षीया कलधर गौतम औषा बेकलाई पिल्लो औषा दान गर्ने व्यक्तित्व हुन् ।

**बिरामी बच्**  
चितवनमा नौनी औषाकाज निरासी बनेका छन् । औषा अस्पताल भारतपुरको तथ्याक कलउठा विरामीकेका सल्ल्या बनेके पाइन्छ । पल्लु आर्थिक बर्केको घाणुसम्म बरिगर विभागमा ६६ हजार ७ सय ७६ जनाले उपचार गराएका छन् । जसो १ हजार ९ सय १८ जनाको औषाको शल्यक्रिया भएको छ । अस्पतालको सर्किबल क्याम्प

भारतपुर औषा अस्पतालमा औषा बेक सम्बालनमा छ ।

उन्ले बैंक सम्बालनका लागि १ करोड ५० लाख रुपैयाँ सल्लो गल्लेछन् । "जग्गा बेचेर सल्लो गल्लेछु" उन्ले भने, "१ जग्गा जग्गा बेचे, त्यसको केही रकम राखेको छु, अरु सवे उन्चालेका लागि सल्लो गल्लेछु ।" उन्ले मुम्मा २० लाख रकम अक्षरकोषका लागि सल्लो गेका थिए । बैंकी १ करोड २० लाख रुपैयाँ २१औं नेत्रज्योति छप विक्सको अवसर पारेर जसो १२ गेले सल्लो गल्लेछन् । "अधारीबाट उन्चालेतर लेजान अक्षरकोषले सल्लो गल्ले" उनी भन्छन्, "सामगि धुवोराम्भन्दा समाजके लागि लेजानी गर्दा आत्मसन्तुष्टि मिलेने रहेछ ।"

धादिह तकिमराहमा जनेका पाठक २०१७ सालमा चितवन जग्गा सरेका थिए । उनको अब साडे ४ कठामा लेजा छ । २० वर्ष पल्ले लेटल, हुइ, कपडा, हाडबिबर लगायतको व्यवसाय गरेका थिए । अखिले सामाजिक कामो व्यस्त हुन्छन् । उनको ६६ वर्षीय श्रीमती उज्याना टाउकोमा समक्य भारपिठ दिस्लीमा उपचार छिन् । १ छोरा छन् । तर पाठक टपति एक्ले छन् । "जग्गा धेरै राखेर बैकी नहुने रहेछ," उनी

सल्ल्या चितवनको पूर्वधराले हुन् । उनकै अनुवादा नाराज्यो सामुदायिक हास्पिटल सम्बालनमा छ । उन्ले यसअघि भारतपुर अस्पतालमा १ कोठा निर्माणमा सल्लो गे । भारतपुरकै शिवालय स्कूलका लागि ३ लाख गणेशधाम बनाउन १ लाख सल्लो गल्लेसकेका छन् । गिजा सम्बन्धका कारण सल्ले बोल्न सकेनन् । तर, सामाजिक अभियानका रूपमा चिनिन निकै खुसी बन्छन् । अस्पतालका सल्लो व्यवस्थापक छवो श्रेष्ठले औषा बेकमा सरलोजनत औषा जन गर्नु २ सय ५२ जनाले हुन्छ फारम भैके बताउनु । "औषा दान गर्नु भनेर फारम दिने गरेका छै," उन्ले भनिन्,

मा २३ हजार २ सय ३५ को उपचार भएको छ । जसमा २ हजार ३ जनाको नि.शुल्क शल्यक्रिया गरिएको छ । गल्ले आर्थिक बर् ७७४/७५ मा १ लाख ७६ हजार ४ सय ३१ जनाको उपचार गरिएको अस्पतालका अस्पतालका प्रबन्धक दवाकर चौधरीले बताए ।

**कार्यक्रम सार्वजनिक**  
नेपाल नेत्रज्योति सघट्टा सम्बालित भारतपुर औषा अस्पतालले सय स्थापना दिवस तथा २१औं वार्षिकोसबको अवसर पारेर २८ गतेसम्म विविध कार्यक्रम गर्ने भएको छ । २३ गते भारतपुरमा प्रभातपरी चिन्तन कारागारका बन्दीको औषा जौक कार्यक्रम गरिने अध्यक्ष कुषाराज धरेल्ले बताए ।

HEARTFELT CONDOLENCE

Born: April 6, 1931

Died: 22 December, 2019

LATE PROF DR RAM DASS

SEVA Foundation  
Berkeley, California, USA

Bharatpur Eye Hospital Management and all the Hospital Staff express heartfelt condolence to the SEVA Team and the bereaved family for the sad demise of Prof Dr Ram Dass !

We pray to the almighty for heavenly abode of the departed soul !

May his soul rest in peace and give strength to the bereaved family and the SEVA team for the loss !

You Taught us What were real values, "Your Life Reflected Them"  
You Taught us what were True Values, "Integrity was your Obsession"  
You Taught us that, "No Man was above Himself"  
You Taught us that in, "Great Humanity" there is "Great Pride"  
In "Extreme Modesty" There is "Great Fulfillment"  
You were Our "Shining Star" Brighter Than any Galaxy  
A Star bright enough to light Our Paths till Eternity  
Nor Shall we ever be Lost  
Nor "Our SEVA Founder" Shall you ever Fade Away

GREAT PEOPLE NEVER DIE - THEY LIVE ON FOR EVER

Prof. Dr. Raghunandan Byanju  
Chief Medical Director  
Bharatpur Eye Hospital

Mr. Chhija Kumar Maskey  
Past President, NNJS  
Nepal Netra Jyoti Sangh, Chitwan

Mr. Krishna Raj Dharel  
Chairman, Hospital Management Committee  
Bharatpur Eye Hospital

## हार्दिक समवेदना

एउटी आदर्श गृहणी भएर पनि समाजसेवा जस्तो महान कार्यमा समर्पित हुन रुचाउनु हुने हाहा आदरणीय भीमराज पाठककी धर्मपत्नी स्वर्गीय **उषामाया पाठक**को असामयिक निधनले हामीलाई स्तब्ध बनाएको छ । तपाईं र तपाईंको अर्धाङ्गिनीको नाममा पहिले नै भिमराज उषामाया पाठक आँखा बैंक स्थापना र संचालनको लागि यस नेपाल नेत्रज्योति संघ, चितवन शाखा मार्फत भरतपुर आँखा अस्पताललाई प्रदान गर्नु भएको सहयोग चितवनको मात्र नभई नेपालकै सामुदायिक स्वास्थ्य क्षेत्रको इतिहासमा कोषेदुङ्गाको रूपमा स्थापित हुने कुरामा हामी समाजसेवीहरू विश्वस्त छौ । मानव मात्रलाई अध्यारोबाट उज्यालो तिर लैजाने अभियानले दिवंगत आत्मालाई परमधाममा बास गराउने छ । तपाईं र तपाईंको परिवारलाई परेको यस अप्रुणीय क्षतिमा हामी पनि तपाईंहरू सरह विचलित भएका छौ । उहाँको सदासयतालाई हामीले पुरा गरी उहाँको आत्मालाई शान्ति प्रदान गर्न सकौ ।

१३ औं दिनको पुण्यतिथिमा हाम्रो **हार्दिक श्रद्धाञ्जली** ।

### हार्दिक समवेदना

जन्म :  
१५ कार्तिक १९९२

श्री माधुरी चुके तथा परिवार  
नारायणगढ ।

स्वर्गारोहण  
१३ अषाढ २०७६

तपाईंका प्रातस्मरणिय पति तथा नेपाल नेत्रज्योति संघ, चितवनका आजीवन सदस्य उत्तमलाल चुके, यसै संघका कार्य समितिका सह कोषाध्यक्ष सिद्धार्थलाल चुके तथा संघका शुभचिन्तक इय मिनु श्रेष्ठ तथा मनेपलाल चुकेका श्रेयस पिताको २०७६ आषाढ १३ गते भएको असामयिक निधनले तपाईंहरूले आफ्नो पति तथा पिता मात्र गुमाउनु भएको छैन हामी सिंगो नगरवासीले आफ्नो अर्वा पथ प्रदर्शक तथा अभिभावक गुमाएका छौ । समाज सेवामा समर्पित भएर निस्वार्थ रूपमा खटिने उहाँ आफैँ धेरै सामाजिक संघ संस्थाका संस्थापक, व्यवस्थापक तथा कुशल संचालक हुनुहुन्थ्यो । भरतपुर नगरपालिकाको प्रथम मेयरको रूपमा उहाँको नेतृत्वमा कोरिएका बाटाहरूमा भरतपुर महानगरपालिका अध्यापनको बाटोमा सँडिडरेल्ले । नेपाल नेत्रज्योति संघ, चितवनको संस्थापक कोषाध्यक्षको रूपमा उहाँले पुन्याउनुभएको योगदानले नै भरतपुर आँखा अस्पतालको स्थापना सहज हुन गएको हो भन्नु पाउँदा हामीलाई सधैँ गर्वानुभूति हुन्छ । परिश्रमी, लगनशील, इमान्दार, सहासी तथा आदरिता स्व चुकेको आत्मविश्वासले हामी बाँचेको समाज रूपांतरण हुन सकेको हो । दुःखद स्व. चुकेले देखाएको बाटोमा अर्ध बहने प्रतिबद्धता सहित हामी उहाँप्रति हार्दिक श्रद्धाञ्जली अर्पण गर्दछौ ।

विपतको यस घडीमा तपाईं तथा तपाईंको परिवारप्रति हार्दिक समवेदना प्रकट गर्दै दिवंगत आत्मको चिर शान्तिको कामना सहित हार्दिक श्रद्धाञ्जली व्यक्त गर्दछौ ।
